WHY DBU AMERICAS?

A GLOBAL PERSPECTIVE ON MEDICAL EDUCATION

Your ambition to become a doctor deserves a world of possibilities.
At Desh Bhagat University Americas (DBUA) School of Medicine, we welcome aspiring medical professionals seeking an international medical education experience in the Caribbean.
Located in St. Vincent and the Grenadines, DBUA offers medical education pathways for eligible students from Canada and around the world.

Discover the DBUA Experience

- International medical learning environment
- Four-year and five-year MD programme pathways
- Medical sciences and clinical education
- USMLE-oriented academic preparation
- Faculty guidance and academic mentorship
- A Caribbean destination for medical education

DREAM BEYOND BORDERS.
EXPLORE MEDICINE WITH DBUA.

2027 ADMISSIONS | CANADIAN & INTERNATIONAL APPLICANTS

TWO PATHWAYS. ONE MEDICAL AMBITION.

4-Year MD Programme

Designed for eligible applicants with the required prior university-level education and prerequisite qualifications.

5-Year MD Programme

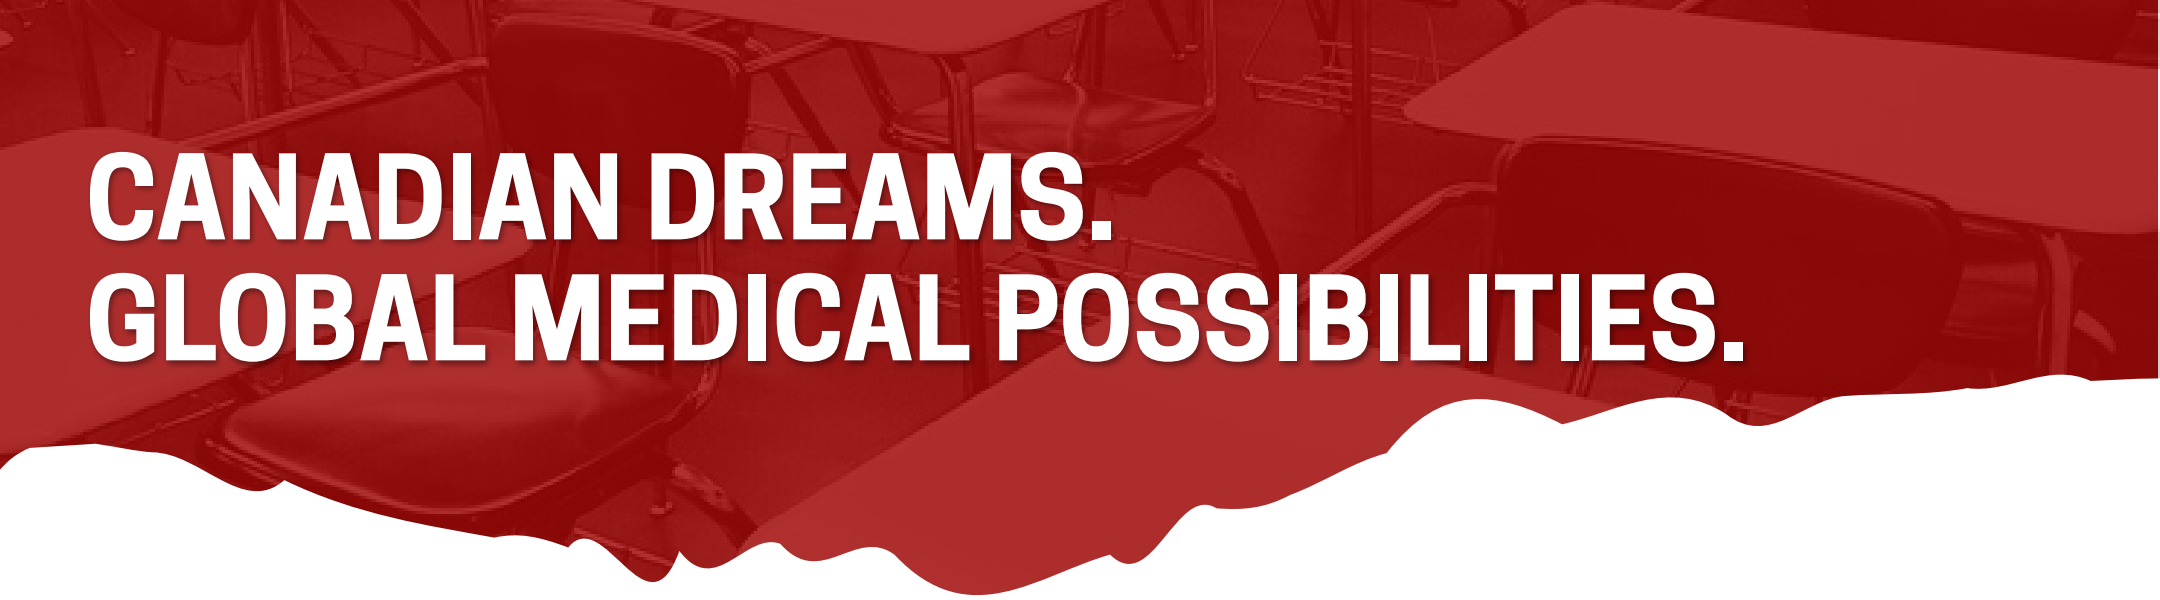

An extended medical education pathway for eligible applicants, including those exploring entry after secondary education, subject to academic prerequisites.

YOUR MEDICAL EDUCATION JOURNEY

Stage 1 – Medical Sciences
Develop a foundation in the scientific principles essential to medical education.

Stage 2 – Clinical Education
Progress toward supervised clinical learning and patient-centred medical training through approved clinical arrangements.

Stage 3 – Professional Preparation
Prepare for applicable examinations and explore postgraduate medical training pathways according to the requirements of your intended country of practice.

CANADIAN DREAMS. GLOBAL MEDICAL POSSIBILITIES.

Considering Medical School Beyond Canada?

Medical school admission in Canada is highly competitive. For students exploring international options, the Caribbean offers an additional destination to consider. DBU Americas invites eligible Canadian students and university graduates to explore its MD programmes and discover an international medical education environment.

Why Explore DBUA?

- An alternative location for pursuing medical education
- MD programme options for different academic entry backgrounds
- International exposure and cross-cultural learning
- USMLE-oriented academic preparation
- Personalised admissions counselling
- Guidance on understanding international medical career requirements

YOUR FUTURE DESERVES AN INFORMED CHOICE.

Graduates seeking medical practice or residency in Canada must independently meet the requirements of the Medical Council of Canada, CaRMS, provincial regulators and other applicable authorities. Admission to DBUA does not guarantee Canadian licensing or residency eligibility.

STUDY MEDICINE IN THE HEART OF THE CARIBBEAN

A NEW DESTINATION.
A GLOBAL PERSPECTIVE.

- St. Vincent and the Grenadines offers a distinctive island setting for students pursuing international education.
- At DBU Americas, your medical education journey combines academic aspirations with the experience of studying in a multicultural environment.

Discover Life Beyond the Classroom

- Experience Caribbean culture and surroundings
- Connect with students from different backgrounds
- Develop independence and global awareness
- Build an international perspective on healthcare
- Access student guidance and support services
